Applicant has reviewed the Office Action mailed on May 21, 2002. Please amend the above-identified patent application as follows.

IN THE CLAIMS

Please substitute the claim set in the appendix entitled Clean Version of Pending Claims for the previously pending claim set. The substitute claim set is intended to reflect cancellation of claims 13-21 and amendment of previously pending claims 1 and 6. The specific amendments to individual claims are detailed in the following marked up set of claims.

1. (Amended) A[n] stable antiperspirant deodorant roll-on, spray, or wipable emulsion product, that does not break down under multiple cycles of heating and cooling, comprising:

a phase inversion temperature phase, comprising:

an oil phase [comprising] consisting of two or more of a mixture of glyceryl stearate, ✓
ceteareth-20, cetyl palmitate, ✓ cetearyl alcohol and ceteareth-12, dicaprylyl ether, coco-
caprylate/caprate, steareth-2, PPG 15 stearyl ether, and water; and

a water phase, wherein the combination of the oil phase and the water phase forms a phase inversion temperature phase; and

an antiperspirant.
